CHAMPION

THE PERFECT FIT

LOW CROWN FIT

This profile is our heritage fit and best suited as sporty hats or headwear optimized for a smaller head. The styles that will fall into this fit category are the Women's Garment Washed Twill, the Unstructured Ripstop Cap, and the Relaxed Athletic cap

MID CROWN FIT

This new fit profile is aligned with unisex and men's headwear all over the market. Think of this new fit as our most comfortable hats yet, with all of the great quality and decoration we have become known for. This fit profile will cover most of our line including all of the Men's Garment Washed Twill hats, and the Men's Pigment Dyed Hats. This new fit profile will sit more securely on the head right around the middle of the crown, without being overwhelmingly deep.
